ABOUT ME

I'm a novice web developer with a passion for front end development. My skills include HTML, CSS,JavaScript, Bootstrap and React.js.During my learning journey, I have gained experience in building responsive and mobile friendly websites. More precisely about me, I'm a fast learner, detail oriented, and have a problem solving mindset.

I am currently seeking opportunities to work on real projects or training in a company where I can continue to grow as a web developer and contribute to the success of a dynamic team. So gaining experience in skillful development team is my Priority goal
